# VHDrawings™

A well-managed drawing system is a critical success factor on construction project management. Projects can go wrong due to negligence of minor changes or mistaken reference to old drawing versions, losses can be tremendous!! With the unique *Auto-Log* feature of **VHSoft Technologies'** advanced drawings management system **VHDrawings™,** all changes and remarks made on every single drawing throughout the work process can be automatically recorded, giving you a crystal clear picture of contents in updated versions instantly!

In addition, its state-of-the-art artificial intelligence technology enables you to compare different versions of complicated drawings quickly. Complemented by its powerful *Quick Search* feature, large drawing files can be searched and read much faster and more accurately, freeing up more time for other high value-adding tasks!

Unique Features	
Quick search	search drawing contents conveniently without memorizing manual input
Drawings comparison	compare the differences between 2 drawings in seconds
Audit trail	keep track of all changes made on different drawing versions at a glance
Easy sharing	share information and remarks on drawings across an interactive platform
Compression technology	speed up file-loading process and reduce storage space
Title box recognition	Artificial Intelligent (A.I) title box key information retrieval, e.g. drawing title or drawing number, save time and reduce error from manual input

VHDrawings™

擁有完善的圖紙管理系統對於成功的建築工程項目管理至爲重要。因爲參照舊版本的圖紙進行施工或忽略了微細的改動能造成難以估計的損失！現在透過 VHDrawings™ 緯衡智能圖文管理系統的自動記錄功能，每份圖紙由設計到完工期間每一環節中所涉及的改動將被自動記錄，已更新的內容自然可以一目了然！

此外，其先進的人工智能技術可讓您迅速比較不同版本的複雜圖紙，配合其高速的搜尋功能，搜尋和讀取圖紙自然更快捷準確！

獨有功能包括	
快速找尋	除一般資料如圖紙名稱及編號外，更可快而准地搜索圖紙內容文字
圖紙比較	能實時顯示兩張圖紙內容不同之處以作比較
審核監察	快速顯示所有被更新或修改的圖紙記錄
簡易分享	用戶可於互動的平臺上輕易分享最新的圖紙資料
壓縮技術	能加快開圖時間及減省儲存空間
圖框識別	透過人工智能技術識別圖框內容，如圖紙的名稱與編號，省時準確
